## Upcoming Flu Season

September 2018  
Volume 1, Issue 4

We hope your summer was filled with many warm memories. We are approaching Flu season quickly. Our facility will be administering the Influenza Vaccine, if elected, in the beginning of October. If you agreed to consent last year and yearly then you or your loved one will receive the vaccine beginning in October as long as the Physician agrees and there are no contraindications. If you refused consent then you or your loved one will not receive

the vaccine. Please do not hesitate to contact nursing leadership any questions about the vaccine (or to clarify if you have consented to the vaccine). Flu season runs from October - April, it is important to take extra care of your health and wash your hands frequently during this time. If you are experiencing flu symptoms please do not visit the facility until your symptoms have subsided for 24 hours or more.

It is our pleasure to provide continuous quality care to your family member or loved one. We are available for all of your needs.

### Guess What?

The state of Ohio announced Riverview Pointe as a top 25 facility in a 7 county area in regards to the Resident Satisfaction Surveys done in 2017! We will be featured in an upcoming Plain Dealer.

## Administrator's Corner

I would like to thank all residents and staff for a great annual survey. Our residents,

staff, and families make Riverview Pointe a place we can all be proud of. Riverview Pointe

is a great place to call home. THANK YOU!
